WASHINGTON NEWS.

Secretary Rusk Talks About
Exporting Cattle.

BRITISH DISCRIMINATION

The Secretary Will Prove to the British
Government That Pleuro-Pneumonia
Does Not Exist in This Country—Other
Washington Dispatches.

WASHINGTON, Nov. 11.—The attention of Secretary Rusk has been called to the report cabled to this country, in which Mr. Chaplin, the British minister of agriculture, is represented as opposing the removal of the restrictions of the British government against live cattle from the United States, and expressing regrets at being compelled to restrict importations from friendly countries like Holland and Germany, while in the case of the United States he did not even feign regret.

The secretary had read the report and was apparently not uneasy relative to it. He said that Mr. Chaplin was taking the side of those whose interests led them to oppose the free introduction of American store cattle to their own country, and that he seemed to forget that this country had abundant evidence that there exists among the purchasers of store cattle in England and Scotland a widespread feeling in favor of unrestricted importation of cattle from this country, provided this can be allowed with perfect safety to British cattle.

The secretary referred to resolutions adopted at a recent session of the agricultural council, which, while deprecating the present withdrawal of the restrictions upon American cattle, declared at the same time that restrictions of this nature ought not to be removed in favor of the cattle of any country where pleuro-pneumonia has been shown to exist until at least six months had elapsed since an official declaration had been made of the immunity of that country from this disease. The secretary construed this resolution to mean that it is simply a question of time when the British government will feel obliged to remove restrictions from any country which can show conclusively that the disease has been eradicated.

"In the application of any such rules," said the secretary, "it is not likely that the British ministry will undertake to discriminate against us, and just as soon as sufficient time has, in my opinion, elapsed since the last case of pleuro-pneumonia occurred in this country, I shall make an official declaration of its complete eradication, and shall strive to satisfy the British government that the disease does not exist here. If this does not secure the withdrawal of these restrictions, England will at least have to abandon the charge of unhealthfulness of our cattle as the cause. There are buyers as well as sellers abroad, and they will probably see to it that their interests also receive some attention."

The secretary continued: "I notice in the report referred to that Mr. Chaplin is made to say: 'The information of the board of agriculture is that, in spite of all the efforts made in America to extirpate pleuro-pneumonia, that disease still exists there.' With that statement I must take positive issue. I am hesitatingly challenge Mr. Chaplin to point out a single case of pleuro-pneumonia now existing among American cattle. Of course, I cannot tell what is his source of information, but whatever it is he is grievously misled. No doubt it is very difficult for an Englishman like Mr. Chaplin to imagine that what they have found it impossible to do within the narrow limits of their little island this country has been able to accomplish throughout its vast territory, and I suppose we must be a little patient on that account. They have, as you know, suffered grievous losses over there from pleuro-pneumonia, which, in spite of all their efforts, prevails still more or less at all times in some parts of the United Kingdom. The trouble with them has been that they have not gone the right way to work to get rid of it. One thing is certain, and that is that it is now over six months since any allegations have been made by the British officers of the discovery of a case of pleuro-pneumonia among cattle from the United States landed in Great Britain."

Only a Rumor

WASHINGTON, Nov. 11.—The published statement that ex-Congressman Evans, of Tennessee, will succeed Secretary Tracy as secretary of the navy upon the latter's transfer to the bench of the supreme court of the United States, is discredited in naval circles here. In the first place it is pointed out that Mr. Tracy shows no signs of vacating his present position as secretary of the navy. In fact, he is now more thoroughly interested in the work of the navy department than ever before. Close friends of Secretary Tracy say it is generally conceded that Justice Miller's successor will come from the west. It is said, however, that before the close of the present administration there will be another vacancy to fill in the supreme court, to which Secretary Tracy may be appointed. Secretary Tracy is now in New York.

Stuck on Washington

WASHINGTON, Nov. 10.—A number of Democratic congressmen, who will not be members of the Fifty-second Congress, have announced themselves as candidates for offices at the disposition of the house. Congressman Frank Lawler, the defeated Democratic candidate for sheriff of Cook county, Ill., will be a candidate for sergeant-at-arms of the house. Congressman John Quinn, of New York, is being pushed for the house clerkship. Other congressmen have heretofore announced their candidacy.

Away Ahead of Time.

WASHINGTON, Nov. 11.—Lieut. R. E.

Thompson, U. S. A., has been ordered to Chicago as a member of the board of control and management of the government exhibit, world's Columbian exhibition.

KNIGHTS OF LABOR

Opening Session of the General Assembly at Denver, Col.

DENVER, Col., Nov. 11.—The general assembly of the Knights of Labor met here yesterday afternoon. Most of the delegates are already in the city but others are expected. Prominent knights from all over the country and Canada are present, among them being Mr. Powderly, A. W. Wright, of Canada, and Morris Wheat, of Ohio.

Mr. Powderly addressed a large and enthusiastic audience at the Coliseum last night on "The Labor Situation of the Day." The assembly will be in session for about two weeks, and will, among other things, elect officers for the next two years. All sessions will be held with closed doors.

Base Ball Deal.

PITTSBURGH, Nov. 11.—When Director Henry B. Rea takes the floor at the Players' League meeting to-day he will ask the Players' National League either to purchase the franchise of the Pittsburgh Players' League club or allow it to withdraw from that organization. This will mean a complete capitulation of the Pittsburgh Players' League club to the National League. The Players' League meeting will likely be a stormy one as New York's action has aroused intense indignation among those prone to stand by their colors.

Successful Horse Show.

NEW YORK, Nov. 11.—The sixth annual horse show opened in Madison Square garden this morning. There was a good attendance and everything was on a much grander scale than ever before. The entries for the show number 1,100 and include every kind and class of horses. Over \$150,000 worth of tickets have been disposed of by the management, which insures a big attendance every day. One hundred and twenty premiums, amounting in the aggregate to \$30,000, will be distributed.

Found in a Well.

ELIZABETH, N. J., Nov. 11.—Mrs. Catherine Farlin, an elderly lady aged 63 years, who resided with her family at 209 Rahway avenue, was missed from the house yesterday. A search was instituted and her dead body, clothed only in a night dress, was found at the bottom of a well in the yard. Mrs. Farlin has been acting strangely for some time and it is believed she threw herself down the well while suffering from a temporary aberration of mind. An inquest will be held.

Not Going to Resign.

NEW YORK, Nov. 11.—A special to The Tribune from Springfield, Ill., says that Minister Lincoln, in an interview, referred to the report that he was to resign his post as minister to England with evident annoyance. He emphatically denied the report and said he was simply in this country on leave and would return to his post at the end of two months and resume his duties.

Bookkeeper Arrested.

BALTIMORE, Nov. 10.—Obadiah George Deaver, for six years an exemplary bookkeeper in the Franklin National bank, was arrested last night charged with the embezzlement of over \$1,000 of the bank's funds. False entries were discovered in Deaver's books, and the Guarantee Company of North America, who furnished \$5,000 bonds for Deaver, caused his arrest.

Suing a Railroad Company.

PROVIDENCE, R. I., Nov. 11.—The Union Railroad company has been served with a writ, in a suit to recover \$20,000 for injuries sustained by R. H. Vail while a passenger on the Ocean street "bloomer" car, which collided with a flat car laden with flagstones, in September last. William H. Sanford, of Milwaukee, who was also injured, is suing for \$25,000.

Killed by His Room Mate.

LA SALLE, Ill., Nov. 11.—Martin Ryan was stabbed to death last night by his room mate, Edward Cannon, in a drunken quarrel. Ryan had twenty-six wounds on his body in the regions of the neck and heart. Both men are coal miners. The murderer was uninjured and on completing his job surrendered to a policeman.

Killed in an Elevator.

PHILADELPHIA, Nov. 11.—Alexander Hexter, senior member of the well known clothing firm of Hexter Brothers, 434 Market street, was caught between an elevator and the floor in the store yesterday afternoon, and his head was nearly severed from his body. He lived but a few moments after the accident.

Hog Cholera in Iowa.

Well Known Horseman Suicides.

BOSTON, Nov. 11.—Wesley P. Balch, the well known horseman, committed suicide yesterday afternoon by shooting himself with a revolver in his office in the Commonwealth building. Financial difficulties caused the act.

Burned to Death By His Pipe.

RICHMOND, Va., Nov. 11.—Danne Patterson, colored, aged 65 years was burned to death here yesterday. He was helpless in bed, and endeavoring to light his pipe set fire to the bedding and burned to death.

SCARCITY OF MONEY.

Almost a Panic on the New
York Stock Exchange.

TWO HOURS OF EXCITEMENT

Only Prompt Action on the Part of the
Bank of France Can Avert a Panic in
London, the Reverberation of Which
Will Be Felt All Over the World.

NEW YORK, Nov. 11.—The dark clouds which have been hanging over Wall street for the last six months almost reached a climax of blackness yesterday morning. The Stock Exchange was on the verge of a panic during the first two hours. Money was almost unobtainable and failures were imminent.

London prices for American securities cabled over here showed declines of from 1 to 2 per cent. below the closing prices of Saturday. Money rates were high in London, and an uncomfortable feeling of security was reported. When the market opened here there was a rush to sell stocks at any price.

In the first ten minutes prices of active stocks had declined from 1 1/4 to 3 per cent. The excitement on the exchange was tremendous. It seemed almost impossible to find buyers, so great has public confidence been shaken by recent developments here and in Europe. The banks and trust companies, sharing in the general fright, began to call in loans, and within half an hour the Stock Exchange was bare of money. The street was full of brokers rushing out to obtain loans to make good their margins which were vanishing at a terrible rate.

A few slight rallies occurred during the morning due to buying by the bears, who are reaping rich harvests at the expense of the street in general.

Shortly before 12 o'clock the death of James Struthers occurred and cast an added gloom over the Stock Exchange.

Business was suspended for half an hour, and the brokers had time to take a breathing spell and count up their losses.

At about 1 o'clock money lenders began to appear in the loan crowd on the Stock Exchange. They offered the money which they had been holding back for better rates and found many eager takers.

Rates quickly ran up to 25 and 50 per cent. and then to 1 per cent. and interest, which is equivalent to about 90 per cent per year. At about the same time there came a sharp rally in the stock market and prices began to advance again. Among the extreme declines of the day was that of Manhattan, 8 per cent; and Cleveland, Cincinnati, Chicago and St. Louis, 6 per cent.

The impression seems to be gaining ground that only prompt action on the part of the Bank of France can avert a panic in London, the reverberations of which will be felt all over the world.

The situation in London is becoming painfully strained. South America, South Africa and Egypt, in all of which England's moneyed interests are very large, are calling on the Bank of England for more gold, and the bank cannot respond.

It is thought probable that the directors of the bank must soon advance the rate to an even higher figure than 6 per cent.

The Bank of France has a stock of nearly \$50,000,000 of gold. The bank's directors are proverbially miserly. On Saturday they advanced the premium on gold coins.

THE PANIC OF 1873.

Last Chapter of the Historical Failure of
Jay Cooke & Company.

PHILADELPHIA, Nov. 11.—The trustee of the estate of Jay Cooke & Company, announces the payment of the final dividend upon claims presented before Monday next. The final dividend will be 1 1/2 per cent. in cash on \$6,451,000, and eight and one-half shares of Northern Pacific preferred stock, three and one-half shares of Oregon Steamship and Navigation company stock, and three-fourths of a share of preferred stock of the St. Paul and Duluth railroad to each \$1,000 of claim to creditors holding that amount and upwards. With the payment of this dividend the affairs of Jay Cooke & Company will be wound up and the total amount of cash paid on it will have been 15 1/2 per cent. of \$6,451,000.

The liabilities when the firm failed in 1873 were nearly \$11,000,000, but this amount has been reduced by litigation, compromises and various forms of redemption to the figure named, less than 60 per cent. There were 320 creditors when the firm failed. There has been no dividend since 1881, when the fourth one was distributed. The fifth and final dividend brings the last chapter of this historical and honorable failure to a close. During the process of winding up the intricate affairs of the estate the Jay Cooke interest has acquired about one-half the outstanding claims through redemption and purchase. In the distribution of bonds and stocks to the creditors the amount in the aggregate realized has more than exceeded the extent of the claims.

A Sad Event

WASHINGTON, Nov. 11.—The funeral of the late Gen. David B. McKibben will take place this afternoon at 1 o'clock from St. John's Protestant Episcopal church, Rev. Dr. Payne officiating. It will be conducted by the Loyal Legion, of which Gen. McKibben was an active member. The interment, which will be at Arlington, will be attended with military honors.

An Old Man Murdered.

MERCEDES, Cal., Nov. 11.—John Ivett, 71 years old, one of the oldest residents and wealthiest citizens of this county, was murdered near his home on the Mercedes river last night. His head was beaten to a jelly and the brains were scattered for several feet. There is no clue to the assassin.

CROP REPORT.

The November Returns to the Department
of Agriculture.

WASHINGTON, Nov. 11.—The November returns to the department of agriculture of rates of yield per acre, make the average for corn, 19.9 bushels; potatoes, 57.5 bushels; buckwheat, 14.5 bushels; hay, 1.20 tons; tobacco, 716 pounds.

The corn crop makes the smallest yield reported, excepting only that of 1881, which was 18.6 bushels. That of 1887 was 20.1 bushels. It is 88 per cent. of the average of the last ten years, a period which included four unusually poor years, and only 73 per cent. of last year's crop.

The indications of recent returns have been so uniform that the estimate for permanent record will not be likely to change this figure unless by a slight fraction. The decline of the last decade is not due to impairment of fertility, but to unfavorable meteorological influence. The highest rates are in New England, as usual: New York averages 25.3, Pennsylvania, 27.5; Ohio, 20.7; Michigan, 26.7; Indiana, 24.3; Illinois, 25; Iowa, 26; Missouri, 25.8; Kansas, 11.3; Nebraska, 20.3. The principal decline is in the corn surplus states.

The average rate of yields of potatoes is 57.5 bushels.

The condition of the crop in October was lower than in any reported previous crop except in 1877, being 61.7 against 61.5, when the rate of yield was 56.9 bushels per acre. It imports scarcity and warrants high prices. The low rates of yield of principal states are as follows: New York, 62 bushels; Pennsylvania, 68; Michigan, 58; Ohio, 46; Indiana, 37; Illinois, 30; Iowa, 48; Missouri, 59; Kansas, 28; Nebraska, 27; Minnesota, 68. Maine reports 95; New Hampshire, 80, and Vermont 95.

The yields of the hay crop are large, as a rule, throughout the country.

The cane sugar crop will be a large one, and sugar beets have done well west of the Missouri, indicating a probably rapid development of the sugar industry.

SOCIALIST MEETING

The Memory of the Five Executed Men
Celebrated.

NEW YORK, Nov. 11.—Nearly 3,000 persons assembled at Cooper Union last night to celebrate the memory of the five men who were executed in Chicago three years ago on account of the Haymarket riot. The society this year is split into two sections, last night's celebration being by the Socialists and tonight's by the Anarchists.

Forty-two societies were represented. The police were present in strong force, but were, in the main, in civilian's dress. Hugo Falk, who presided, opened the exercises, and strongly denounced the Chicago authorities.

Professor DeLeon followed and said the Socialists had no use for those who advocated dynamite. Those who talked of blood would be the first to run when the time came to use force.

Resolutions were adopted denouncing the prosecutors of the Chicago "martyrs" as "perjurors" and "criminal pharisees." An undying remembrance of the execution of the "martyrs" is professed, as well as a determination to abolish wage slavery.

FREIGHT TRAINS ROBBERED.

Valuable Packages Taken and the Robbers
Escaped.

AUGUSTA, Ga., Nov. 11.—Two freight trains on the Georgia railroad, one leaving Atlanta for Augusta at 1:30 and the other leaving Augusta for Atlanta at the same hour, were robbed last night. The Southern Express company takes no packages, it being a through run and the messengers sleep on cots in the express car. The train leaving Augusta was robbed of about \$40.

Messenger Ficklen, who reached here this morning is a heavy loser, as a telegram from Atlanta says his packages amounted to \$12,000. Ficklen says he must have been robbed between Conyers, which is about thirty miles from Atlanta, and Oconee bridge, about eighty miles from Atlanta. Both robberies were evidently the work of the same man, who probably knew the run of the road. The trains were not stopped, the robber mounting them at a station quietly and doing his work and getting off at the next station. Messenger Smith, on the up train, loses about \$100.

Sailors Lost.

SAN FRANCISCO, Nov. 11.—The whaler Charles W. Morgan, which left Saturday from Okhotsk, reports the loss of six of her crew. The men left the vessel in a small boat Sept. 1 in pursuit of a whale which they succeeded in harpooning. The whale started off at a rapid rate, towing the boat, which contained the second mate and five seamen. Fog set in and they were soon lost. A search was made for them but they were never found, and it is believed the whale smashed the boat killing the occupants. The whaler Norwhal, from Fox Island, reports six men washed overboard during a gale, but two of the men were fortunately thrown back alive by a returning wave.

Arrested for Train Wreckers.

SEDALIA, Mo., Nov. 11.—Charles Charters and Robert Ferguson were arrested four miles from Pilot Grove yesterday by Detectives Delong and Dickey, of the Missouri Pacific secret service, on suspicion of having wrecked a Missouri Pacific westbound passenger train at Ottumwa last Friday morning. The prisoners claim to be painters en route from Albuquerque, N. M., to New York. They will be held here for identification.

Excitement Dying Out.

MARION, Nov. 11.—The excitement occasioned by the riot at Fairmount has subsided somewhat, and all talk of mob violence has abated. Thomas Udly, the negro who is charged with murder, was brought to this city by Sheriff McFeeley and lodged in the county jail.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
 Proprietors.
 TUESDAY, NOVEMBER 11, 1890

No DEMOCRATS will be fired from the next House of Representatives.

It looks like Mason Democrats won the banner at the late election. Our majority is the highest yet reported.

THE Constitutional convention has been in session over two months, and what has it done? Not much, except to make the people very tired, and cost the taxpayers about \$60,000.

QUAY, the embarraser, McKinley, the special attorney of the favored classes, Reed, the tyrant. These three have been running the G. O. P. the past year or two. No wonder the people rose up and rebuked the party.

THE "Solid South" is still solidly Democratic and the North is fast getting that way. Leave the South out entirely and the Democrats would still have a majority in the next House of Representatives of twenty or twenty-five.

By the way, the BULLETIN stated some days before the election that Mason County would give Tom Pater not less than 800 majority, if the Democrats would do their duty. The majority is 900, better than everyone expected.

"THE Three P's" of the United States Senate—Plumb, of Kansas; Paddock, of Nebraska, and Pettigrew, of South Dakota—who, although Republicans, stubbornly refused to vote for the McKinley bill, are now prancing around asking any body to step on the tail of their paletots.—Cincinnati Enquirer.

THE BULLETIN is gratified to see that its suggestions as to the establishment of a warehouse here at Maysville for the sale of tobacco have been acted on. This is the point for such warehouses. We are in the center of the Mason belt of the white burley district, and have abundant room for storage, and the shipping facilities by river and rail are far ahead of Lexington's. The growers of Mason, Lewis, Fleming, Nicholas, Robertson, Bracken, Brown and Adams counties are interested in this matter and should unite in establishing sales here in Maysville.

The Party of the People.

In thirty-two of the forty-four States the Democrats elected the Congressional delegation or a majority of it in the late contest. The delegations from Alabama, Arkansas, Delaware, Florida, Georgia, Louisiana, Maryland, Mississippi, Missouri, Montana, Nebraska, New Hampshire, Texas, Virginia and West Virginia are solidly Democratic, and the party has a majority of the members from Wisconsin, Tennessee, South Carolina, Ohio, North Carolina, New York, New Jersey, Minnesota, Michigan, Massachusetts, Iowa, Indiana, Kentucky, Illinois and Connecticut.

Republicans have all, or a majority, of the members from California, Colorado, Idaho, Maine, Nevada, Oregon, Pennsylvania, South Dakota, Vermont, Washington and Wyoming.

It begins to look very much like Democracy is speaking all over the land. And why should it not? It is the party of the people.

"Our Bachelors."

When the curtain rose on "Our Bachelors" the Golden's faced a crowded house, which must have had an inspiring effect upon them, as one and all played with a vim and vigor seldom witnessed. From beginning to end the play and the players drew from the audience peals of laughter and applause. As "Prof. Baugle," Mr. Harry Robinson could not be improved upon. He is indeed an ideal comedian of great force and versatility. As "Eva Clinton," a young and fascinating widow, Miss Butler, was charming. Manager Golden essayed the part of "Judge Jowler" and filled all the requirements of a most exacting character. Mr. Harry Robinson is to be congratulated on his clever adaptation and arrangement of the play.—Frankfort Journal.

Don't fail to see the Golden's Thursday evening in "Our Bachelors." This company comes well recommended. There are twenty people, the company carrying its own orchestra. Admission, 25, 35 and 50 cents. Tickets on sale at Harry Taylor's.

Veal Rolls.

Chop about one pound of cooked veal and half a pound of cooked fresh pork, mix them together well, add half a cupful of cracker crumbs, salt, pepper, sage and a little ground cloves, two table-spoonfuls of milk in which two table-spoonfuls of butter have been melted; mix these ingredients well with the meat, and moisten the whole with one well-beaten egg; form into rolls with the hands, dip them into beaten egg and cracker crumbs and fry a delicate brown; sprinkle them well with chopped celery, and serve with a garniture of cranberry jelly.—Enquirer.

When Baby was sick, we gave her Castoria.
 When she was a Child, she cried for Castoria.
 When she became Miss, she clung to Castoria.

TOBACCO GROWERS.

The Farmers' Meeting Monday
 Largely Attended--Pro-
 ceedings in Full.

Resolutions in Favor of Establishing
 Warehouses at Maysville, Lex-
 ington and Other Points.

The meeting of the tobacco growers of Mason County at the Court house yesterday afternoon brought together a large crowd of the farmers. A good many of the shippers were also present.

The Commercial Club, watchful of the welfare of Maysville, was represented by a committee consisting of Messrs. W. LaRue Thomas, W. W. Ball, J. James Wood, John C. Adamson and J. L. Browning. They felt that the establishment of a warehouse here would not only benefit the city, but would prove a great saving to the farmers of the county, and the committee impressed this fact upon the convention.

The meeting was called to order by 'Squire Luttrell of Helena, who stated the object in view. By request, Judge Wall further explained the purpose of the meeting.

On motion Mr. J. B. Holton was unanimously elected Chairman and Messrs. W. H. Robb and J. J. Perrine were chosen Secretaries.

The Chair appointed the following Committee to select delegates to attend the State convention at Lexington, Nov. 13th: Dr. J. A. Reed, W. L. Holton, Wm. Luttrell, J. B. Key, Alex. Marshall, and a motion was carried to send two delegates from each precinct to represent Mason County in said State Convention. Mr. Alex. Marshall not being present the Chair substituted Mr. Joel Laytham on the committee to select delegates.

It was moved and seconded that the Chair appoint a committee to introduce resolutions expressive of the views of the meeting. On motion Chair appointed the following: Hon. A. P. Gooding, 'Squire Abner Hord, Mr. James Marshall, Mr. T. L. Holton and 'Squire Robert Hunter. The Committee on Delegates reported the following:

Maysville No. 1—Richard Case and Richard Howard.

Maysville No 2—Dr. J. A. Reed and W. L. Holton.

Dover—James N. Boyd and J. C. Pickett.

Minerva—D. A. French and J. M. Byar.

Germantown—Evan Lloyd and T. Malloy.

Fern Lea—S. M. Worthington and Powell Owens.

Murphysville—Tim Buckley and Andy Howard.

Sardis—R. M. Marshall and Joshua Reese.

Mayslick—Joel Laytham and A. P. Gooding.

Helena—W. H. Robb and Wm. Luttrell.

Lewisburg—Jos. Alexander and Jas. Cahill.

Washington—J. B. Holton and J. M. Kirk.

Orangeburg—Pickett Best and Jerome Mayhugh.

Chester—Hiram Stewart and Jas. Hickey.

The report was adopted.

The Committee on Resolutions reported the following:

WHEREAS, The production of tobacco is one of the leading industries of our State, and
 WHEREAS, The revenue of a large per cent. of our farmers depends chiefly upon the successful cultivation of this crop and upon convenient and inexpensive markets in which to sell it, and
 WHEREAS, The present careless and extravagant practice in cultivation and the exorbitant and expensive system of marketing are oppressing the promoters of this industry; therefore, be it

Resolved, That the delegates appointed at this convention to attend the convention of tobacco growers of Kentucky, meeting in Lexington on Wednesday, the 18th instant, are hereby instructed to advocate the adoption of such measures by the convention as will insure to the producers of tobacco throughout the State of Kentucky some co-operative and more economical plan for selling it.

Resolved further, That we are unalterably opposed to the farmers of Kentucky taking the stock of the tobacco trust of Cincinnati or Louisville, but would advocate the building of warehouses for the sale of our tobacco at Maysville, Lexington and such other points as the committee at Lexington may determine, the producer and shipper to have the privilege of all the stock in said association that they may desire.

Some objection was made to the last clause. It had the name of Maysville only as first reported, and it was amended so as to read as above and the resolutions were finally adopted.

During the meeting, speeches were made by Messrs. W. W. Ball, W. LaRue Thomas, J. L. Browning and James C. Owens advocating the establishment of a warehouse here in Maysville.

While the Committee on Resolutions was out, Mr. W. L. Holton moved that 'Squire William Luttrell be appointed a delegate to the State Farmers' Alliance meeting at Lexington November 12th. Many in the house did not understand the motion and it was declared carried. After the resolutions were disposed of, the matter was again brought up, by Mr. Mitchell, who said he understood this was a meeting of tobacco growers, and for one he didn't intend to assume any responsibility for the State Alliance's doings by sending a delegate there—he didn't want to have anything to do with the Alliance. His remarks were applauded. Several others spoke as he did. Mr. Holton said he had made the motion

under a misapprehension and he moved to reconsider the vote. The motion prevailed, and the original motion was then tabled.

The tobacco growers then adjourned to meet next County Court day, or sooner if the committee deemed best.

Mr. Luttrell asked all members of the Alliance to remain in the house. Nine fellows kept their seats, including Mr. Luttrell. They organized by electing Mr. H. T. Cord President, and Mr. Luttrell Secretary, and then appointed Mr. Luttrell delegate to the State Alliance convention, after which they adjourned.

Real Estate Transfers.

The church was crowded to overflowing from near and far with gallant men and handsome women, who had assembled to witness the ceremony. The floral decorations were magnificent and were the work of Mrs. H. C. Boits, Misses Maria and Mollie K. Boyd, assisted by Messrs. Walter E. Byar, Eugene Byar and Walter Reynolds. The ushers were Clarence Byar and Eugene Byar, brothers of the bride and groom. These young gentlemen acquitted themselves admirably in comfortably seating the large crowd that was present. Is There Nothing New Under the Sun?

A leather Boot, absolutely water-proof and snow-proof, is a thing that would lay claim to such recognition. Were the assertion made that such a thing existed, doubt would arise on all hands and men would say:

Can This Thing Be?

For we have never seen a Boot made of leather that would actually turn both water and snow, and should there be such a thing we would regard it as a boon of great price. We claim to have just that thing; it is

The W. H. Means Waterproof Boot!

It is made on a plan altogether new, and different from anything ever seen in this or any other market. We warrant it to be all we claim for it. They are made of the very best oak-tanned whole stock, and we are selling them so low that every man can afford to have a pair.

As a Matter of Health

and comfort you should wear a pair of these Boots that will be a blessing to you through the wet and snow of the coming winter. Remember we warrant them, and will refund the money on every pair not coming up to our representations. Come and see us. We will save you money.

BOLD WORK.

Ed. Tudor and Frank Hicks Have a Rather Rough Experience With Footpads.

Ed. Tudor and Frank Hicks, of Chester, had rather exciting times with a couple of bold highwaymen Saturday night.

They were on their way down town and were coming along leisurely, when they reached the new frame cottage that is being erected nearly opposite Mitchell's Chapel. It was very dark. "That house is being put up in a hurry," remarked Mr. Tudor as he paused in front of the building. The next instant they were set upon by a couple of men who suddenly emerged from the shadow of the building. One of them struck at Tudor, who threw up his arm and warded off the blow. Tudor seized the club, when the fellow thrust a pistol in his face and ordered him not to move.

"I guess you're mistaken in your man," said Tudor, as he shoved the pistol aside, thinking the fellows were simply bluffing or trying to frighten them.

Hicks and Tudor then proceeded on their way, but had not gone far when they were again set upon by the fellows, one of them striking at Tudor again who ducked his head, and seeing the men were not "bluffing," Tudor ran.

The highwaymen then turned and dealt Hicks a terrible blow across the chin, bruising him badly. The wounded man yelled lustily for help, and this frightened his assailants who took to their heels, running towards the river bank. The occupants of a shanty-boat were suspected, and warrants were sworn out shortly afterwards before Mayor Dressel and placed in Marshal Hughes' hands. Depicting Boley Price and Tom McMann, Hughes proceeded to the boat. The fellow refused to submit at first. Weapons were drawn and it looked like there would be some shooting done, but the party finally surrendered. He put up a gun and some cash for his appearance, but when Sunday morning came the boat, man and entire outfit had disappeared. Undoubtedly he was one of the guilty parties, and should not have been allowed to get away.

Death of Mrs. Robert Perrine, Jr. Mrs. Susie Perrine, wife of Robert Perrine, Jr., died last night at 10 o'clock at the family residence near Tuckahoe. She had been ill some time with that dread disease, consumption. The remains will be interred to-morrow morning at 10 o'clock in the family burying ground.

Deceased was thirty-one years of age, and was a daughter of Oscar F. Shaw, who was at one time clerk on the ill-fated steamer Magnolia.

She leaves four children all of tender age, and the sympathy of the community goes out to the bereaved husband and his motherless ones in their great loss.

LEAVING RUSSIA.

Large Bodies of Poles Bound for Brazil.

ESTABLISHING COLONIES.

The Movement Looked on With Disfavor by the Russian Government—Crossing the Frontier Secretly—Various Other Foreign News.

WARSAW, Nov. 11.—For some time past large bodies of Polish emigrants have left Russia bound for Brazil, where it is their intention to found colonies. The government does not look with favor upon this wholesale migration of the Poles, and in many cases large numbers of the emigrants leave the country surreptitiously, crossing the frontier without securing from the authorities the necessary permission in the shape of passports. Much concern is felt regarding the experiences of these emigrants in leaving Russia and their success after reaching Brazil, where the conditions of life are so dissimilar from those to which the Poles have been accustomed.

The Warsaw Courier in order to be able to furnish a full and authentic account of the experiences of these emigrants has engaged M. Dymasinski, the eminent novelist and essayist, to join a party of them without disclosing his identity, and he will accompany them to Brazil. He will embody the experience of the party in a series of articles which will be published by The Courier.

Discoveries of Frauds.

LONDON, Nov. 11.—A dispatch from Hamburg says five police have made extraordinary discoveries in regard to the frauds practiced on the emigrants shipped from that port to Brazil. Many of the emigrants supposed that their destination was North America. Others, who knew they were going to Brazil, had been told that the pope of Rome would provide them with lands and houses. The guilty agents are being rigidly prosecuted.

An Archduke in Danger.

LONDON, Nov. 11.—Archduke Otto of Austria is said to be in a serious condition from the wound recently inflicted on him by a wild boar. The archduke was hunting in Hungary when a gigantic boar attacked him and tore the muscles of his left foot. The life of the prince was saved by a gamekeeper at the risk of his own. Blood poisoning is apprehended.

Labor Riot.

HAMBURG, Nov. 11.—A serious conflict occurred yesterday at Ottensen, a suburb of this city, between striking glass blowers and 300 Polish "blacklegs" who had been employed to take the places of the union men. Revolvers were used as well as stones and clubs. One man was killed and many were injured. A number of arrests have been made.

LONDON, Nov. 11.—Much ill-feeling exists in Australia concerning the policy of the British authorities in New Guinea in repulsing would-be settlers and preserving the land for the natives, while in German New Guinea every facility is extended for colonization.

Slight Shock of Earthquake

LONDON, Nov. 11.—A slight shock of earthquake was experienced at Monmouth on Saturday. The rumbling lasted for nine seconds.

LYNCHING FRUSTRATED

The Timely Move of a Sheriff Saves a Prisoner's Life.

LAFAYETTE, Ind., Nov. 11.—John Workhoff, one of the victims of George Bennett's gun escape of Nov. 3, died Saturday at 3 p. m. Workhoff being a member of the Brotherhood of Firemen, violence has been looked for in case of his death. Just after dark Sunday evening Sheriff McKee, accompanied by Bennett, left the jail on foot. No one knows their destination. It was a timely move.

At 2 o'clock Monday morning a knock at the door brought the turnkey to the wicket. The replies to "Who's there?" and "What's wanted?" being satisfactory the bolt was drawn and the door thrown open. So soon as the door was opened a mob of masked men filled the room and covered Turnkey Mather with its revolvers. Keys were demanded and the turnkey strapped, not giving him time to dress.

Every cell, every room, and even the cellar were searched, but no Bennett was found. Not finding their man the mob dispersed as quietly as they came, leaving a ten-foot bar of railroad iron at the jail as a memento.

Lodged in the Lebanon Jail.

LEBANON, Ind., Nov. 11.—George Bennett, who killed one man instantly and fatally injured another a week ago, the injured man dying Saturday, was brought to this city and lodged in jail to escape an infuriated mob at Lafayette.

Epidemic of Hog Cholera.

COLUMBUS, O., Nov. 11.—Alarming statement comes from a farmer that hogs throughout Ohio were dying with cholera, and many of them being dressed and put on the market as fresh pork. A Columbus butcher states he had refused to handle fresh pork until the disease had disappeared. At the state board of agriculture, Secretary Bonham stated that the epidemic of cholera among hogs had been reported from various parts of the state, and especially in Franklin, Darke, Butler, Preble and Athens counties, where the swine were dying in large numbers.

Killed by a Train.

ALTON, O., Nov. 11.—Frank L. Edwards, aged 22, who lives near this place, was killed at an early hour by a Little Miami train, while returning from Columbus. He was asleep in his buggy.

Prominent Banker Dead.

EVANSVILLE, Ind., Nov. 11.—Samuel M. Archer, a prominent banker, formerly a wholesale merchant, died here yesterday, aged 82 years. He leaves a family and large property.

CHARGED WITH MURDER.

Five Well Known Citizens of Dodge County, Ga., Under Arrest.

MACON, Ga., Nov. 11.—Col. Luther A. Hall, a well known attorney, Sheriff Lancaster, of Dodge county; James Moore, John K. Lancaster and Lem Birch, all substantial citizens of the same county, were arrested and placed in the Bibb county jail Saturday night. John C. Forsythe, agent of Norman W. Dodge, of New York, was assassinated on Oct. 7.

He was under the direction of the United States court enforcing Dodge's claim to timber lands, which are disputed by the natives. All of the above were arrested for violating sections of the United States revised statutes, under which it is charged they are guilty by person or by procurement of the murder of Forsythe. Hall had been prominent as the attorney for the squatters.

Had \$35,000 Sewed in Her Dress.

ST. PAUL, Nov. 11.—On Thursday evening an aged woman was run over by an electric car at the corner of Jackson and Fifth streets. Nobody recognized her, and she was taken to the city hospital in an unconscious condition. Her right leg was broken, and she was so badly injured internally that she died Saturday. In preparing the body for burial \$35,000 in greenbacks was found sewed into her clothing in various places. The remains were identified by Richard T. O'Connor, clerk of the district court, as those of Mrs. Anna Klotz, of Payne avenue. She was over 80 years of age, and of German descent. As she has no heirs in this country it is not known what will be done with the snug little fortune found stitched in her clothing.

Low Mass Instead of a High One.

SARATOGA, N. Y., Nov. 11.—A lively scene occurred in St. Peter's Catholic church here Sunday. During the celebration of high mass the pastor, Rev. Father John McMenomy went down the middle aisle demanding payment of pew rent. He talked loudly and severely to several prominent members, and ordered the church choir to stop and the mass changed from a high to a low one. Nearly the entire congregation rose and left the church. It is thought the matter will be carried to the bishop.

An Insurance Company's Loss.

SACIT STE. MARIE, Mich., Nov. 11.—The steam barge Bruno, and her consort, Louisa, a three-masted schooner, both of which are owned by C. C. Magann, of Toronto, are ashore up a Magnetic reef, between Cockburn and Manitou islands, and are total wrecks. The vessels, which were loaded with coal for Toronto, were driven ashore in a heavy gale and snow storm. They have been abandoned to the insurance companies.

James M. Johnson Dead

CINCINNATI, Nov. 11.—James M. Johnson, aged 78, died at Elmsire Sunday night of rheumatism of the heart. For about fifty-seven years he has been in business in this city as lumber dealer and box manufacturer. He failed a year ago, and has since been in the insurance business. In 1904 he, with others, withdrew from the Second Presbyterian and organized the Central Presbyterian church in this city.

Big Railroad Meeting.

PITTSBURG, Nov. 11.—Part of the grievance committee of the order of the Brotherhood of Railway Conductors arrived in Pittsburgh last night. The object of their visit could not be learned, but it is thought to be for the purpose of fixing a scale of wages for railway conductors. It is thought all railway orders will be represented at the meeting, which will be in session for ten days or two weeks. What the difference committee intend doing could not be learned last night.

A Strike Settled.

READING, Pa., Nov. 11.—The strike in the Pottsville Iron and Steel Company's rolling mill at West Hamburg has been settled. The strike started because the superintendent found fault with an imperfect billet of iron and refused to pay for its production. The mill will resume operations at once.
